THE AUTOMOBILE OPERATORS' PROTECTIVE ASSOCIATION OF THE U. S. A., INC.

Is an organization composed in whole and part, of individual operators, and motor vehicle operators' associations.

Founded in February, 1916, Chartered in March, 1916, under the laws of the State of New York; for the purpose of securing:

**EQUITABLE LAWS FOR ALL USERS
OF THE PUBLIC HIGHWAYS** through

Uniform Traffic and Highway Laws.

Single standard of fitness and qualification of Operators of Motor Vehicles (all operators, amateur or professional on same plane).

Uniform minimum speed law.

The creation of a motor vehicle and highway commission.

The right of appeal and review, and the refund of all fines, etc., in all cases successfully appealed.

Inter-State recognition of Operator and Vehicle registration.

Proper maintenance of the Public Highways.

We seek the support of all fair-minded people in our endeavors to the end that life, limb and property may be conserved to the utmost.

Will you join us in this effort?

EXPLANATION

The writer of this guide has tried to solve the problem of doing away with a lot of unnecessary driving and searching for numbers by noting correct direction for vehicles to travel to find numbers on Fifth Avenue from 59th Street to 34th Street.

Even Nos. on Fifth Avenue are marked S. W. of nearest street because traffic going south keeps on west side. Odd Nos. are marked N. E. of nearest street because traffic going north keeps to the east.

For example 628 Fifth Avenue is S. W. of 51st Street and can only be reached by south bound traffic. 389 Fifth Avenue is N. E. of 36th Street and is an odd No. It can only be reached by north bound traffic.

On side streets even Nos. are on the south side and odd Nos. on the north side.
